

Congratulations and thank you to Zac

February 16, 2015

First off let me say congratulations and best of luck to Zac! Zac may have been here for less than 5 years, but will leave a lasting and positive impact on the turf program at UNL. Thanks Zac.

I understand that there is now an air of uncertainty concerning the turf program at UNL. I want everyone to be confident in the amazing support the turf program has received from upper administration in IANR/UNL for several decades and I do not anticipate this to be an issue as we move forward. I have a meeting scheduled on March 6 with the Deans and hope to share concrete information soon after that. Stay tuned!

Roch Gaussoin, Professor and Head, Department of Agronomy & Horticulture
