

**New eTurf iNfo videos complement traditional Turf iNfos**  
**June 24, 2016**

The UNL Turf Program has hired a student video intern for the summer. Alex Whitney is a senior in Broadcasting at Nebraska and has started to produce videos ranging from *Research Spotlights*, *Lawn Turf Tips*, and *Intern Introductions*. We have also started to produce weekly or more eTurf iNfos to address turf issues that are occurring around the state of Nebraska and beyond. All of these videos can be found on our YouTube Channel, [www.youtube.com/unlturf](http://www.youtube.com/unlturf). Be sure to subscribe to be notified when a new video is posted to the channel.

Some recent eTurf iNfo videos are found below.
