

Backyard Farmer Turf Garden Open House at Homecoming**September 20, 2016**

The Backyard Farmer Turf Garden and Backyard Farmer Garden on East Campus will be having an open house the morning of October 1st from 9:30am until noon. This is the same day as the NU homecoming football game against Illinois. Don't worry it is a 2:30pm game, so come visit with us before you head over to tailgate.

There will be mini-tours throughout the morning focused on lawn species demonstrations and the importance of selecting the right grass, turf weed identification and control strategies, mowing research and best lawn mowing practices and calibrating application equipment. Look at active mowing research and learn which mowing height and frequency results in the most mowing. The UNL Turf Club will also be there with lawn games and prizes to help fund their club.

The Backyard Farmer Turf Garden is located on 38th St and Huntington Avenue. Simply type "Backyard Farmer Turf Garden" into Google Maps and your phone will guide you here. We hope you can find time to join us before we celebrate a big Nebraska win over the Illini!

Bill Kreuser, Assistant Professor and Turfgrass Extension Specialist, wkreuser2@unl.edu

Cole Thompson, Assistant Professor and Integrated Turfgrass Management Specialist, cole.thompson@unl.edu

Extension is a Division of the Institute of Agriculture and Natural Resources at the University of Nebraska-Lincoln cooperating with the Counties and the United States Department of Agriculture.
