

Donate Rounds for Research

December 22, 2015

Last summer we tried to organize a Rounds 4 Research campaign to support UNL Turfgrass research. The purpose of this fundraiser was to auction off some rounds that were donated to our program. Unfortunately, summer is a difficult time for everyone to organize this type of fundraiser. Several superintendents suggested that we try again this winter when things are less hectic.

Now we need your help. Please consider a donation to our online auction. The proceeds will go toward to development of the new turfgrass research facility on East Campus. A typical donation includes one foursome (with or without cart). Other limitations can be added if required by the club (i.e. dress code, days of the week that the rounds can be redeemed, etc.). Participation is also a great way to expand your golfer base or gain members, increase food & drink revenue and publically support turfgrass research at UNL. We'd love to have courses from around the region help to create a worthwhile auction.

It's easy to donate. Simply [click on this link](#) and describe your donation. Then we'll auction off all the donated rounds in early springs. Thanks and Happy Holidays!
